

Promoting Minnesota State Mankato Student Groups Using Library Resources

Is your student group looking for ways to connect with more students on the Minnesota State University campus? Does your group have a mission to educate peers? Is your group interested in hosting film showings or programs? Memorial Library is here to help you and your group reach-out, connect and educate students on the MSU campus. It is easy to do and if you use Memorial Library resources the cost to your group can be free.

To get started simply fill out and submit a MSU Memorial Library and Student Organization/Activities Event Collaboration form. Use the form to request assistance from library personnel in promoting your group's interests at the Memorial Library or for showing films on campus. Options include creating library material displays featuring books, DVDs, or other materials that support your event or cause. Library personnel may also be able to locate films that can be shown on campus for free.

For more information or for assistance in creating a library materials display or hosting a campus event using library resources contact, Monika Antonelli, Outreach Librarian at monika.antonelli@mnsu.edu or call 507-389-2507.
